acrylic collection

ada series-1 / ada series-2

The ada series-1 sign is our most cost effective and popular sign type. It is constructed using a 1/16″ acrylic piece, and includes 1/32″ tactile text and raster bead grade 2 braille. VHB foam tape is the recommended mounting method.

The ada series-2 adds an extra layer of acrylic, giving the sign more durability and thickness. It's constructed using 2 pieces of 1/16″ acrylic that are adhered together. Just like the ada series-1, this sign type also includes the 1/32″ tactile text and raster bead grade 2 braille. VHB foam tape is the recommended mounting method.

Features:
- Characters are minimum of 5/8″ in height
- High color contrast
- Non–glare finished surface
- Radius or square corners
- Full color direct printed logo options available
- Markets most often used in:
  - Business
  - Commercial
  - Public
  - Educational
 - Hospitality
  - Governmental

Production time: 5–7 working days. Higher quantities may have a longer production time. Ordering Instructions can be found on page 22. If no corner option is specified, radius will be used. Standard color combinations, typestyles and available pictograms are shown on pages 22-23. Standard mounting option is foam tape; if any other backing is needed, call for a quote.

ada elegance series

The ada elegance series signs are constructed using multiple pieces of ¹⁄₁₆″ acrylic that are adhered together. The sign also includes ¹⁄₃₂″ tactile text and raster bead grade 2 braille. You can select from a variety of colors and shapes which gives the sign a more professional and elegant look. VHB foam tape is the recommended mounting method.

Sign Shapes

	SHAPE 1	SHAPE 2	SHAPE 3	SHAPE 4	SHAPE 5

6″ X 6″

8″ x 8″

Logo and text placement is available only as shown.
If a logo is wanted, you will need to select from the following options for the top background color: Yellow, Antique Ivory, Ash, Parchment, Sandalwood, Bright White, or Light Grey.

Features:

• Characters are minimum of ⅝″ in height
• High color contrast
• Non–glare finished surface
• Full color direct printed logo options available
• Markets most often used in:
  - Business
  - Commercial
  - Public
  - Educational
  - Hospitality
  - Governmental

acrylic custom series

When you want to incorporate a business brand on every piece of signage, the acrylic custom series is a perfect fit. Unique and durable, the brand design elements will be reinforced throughout the entire location. This custom series also includes 1⁄32" tactile text and raster bead grade 2 braille to keep the business ada compliant.

Features:

• Full Color Logos and Backgrounds

• Custom Shapes and Sizes

• Custom Printed Woodgrain Backgrounds

• Frames Available

• Magnet Mount or Drill Holes for Screw Mount (Screws Not Provided)

one–piece collection

ada clearcryl series

The ada clearcryl series is a ⅛" compression molded clear acrylic. This one–piece construction also includes ¹⁄₃₂" raised text and braille that are one with the sign, making it vandal resistant. Thermally formed, subsurface printed (UV ink) and painted, this series combines the durability of molded acrylic with the aesthetic possibilities of second surface color.

Features:

• Characters are minimum of ⅝" in height
• High color contrast
• Non–glare finished surface
• Radius or square corners
• One–piece construction making signs vandal resistant
• Great for indoor or outdoor use
• Markets most often used in:
  - Educational
  - Medical
  - Correctional
  - Business
  - Commercial
  - Public
  - Hospitality
  - Governmental

one–piece collection

ada thincryl series

The ada thincryl series is a ¹⁄₃₂″ bendable compression molded acrylic. This one–piece construction also includes ¹⁄₃₂″ raised text and braille that are one with the sign, making it vandal resistant. This curvable insert product works well with all popular curved frame systems.

Features:

• Characters are minimum of ⁵⁄₈″ in height
• High color contrast
• Non–glare finished surface
• One color background
• Square corners
• One–piece construction making signs vandal resistant
• Great for indoor or outdoor use
• Works great as an insert for our Curved Frame Collection
  (see pages 12 and 13 for wall frames and directories)

letters, logos & plaques collection

flat cut metal series

The flat cut metal series uses waterjets and lasers to precisely cut metal letters and logos. It offers superior detail to the router-cut alternative, and allows the ability the replicate any font or vector image provided. With six major metals and over 50 standard finishes available, this series is durable enough for the outdoors yet stylish enough for any boardroom. The customization options for color, size and shape make the flat cut metal an excellent choice for any signage project.

Features:

- Sizes range from ½" – 60"
- 6 standard thicknesses:
  - ⅛"
  - ¼"
  - ⅜"
  - ½"
  - ¾"
  - 1"
- Superior waterjet or laser cut edges
- Unlimited paint colors
- Anodized and polished finishes available
- Durable inside or out
- Lifetime Guarantee
- Available in 5 different metals:
 - Aluminum
  - Brass
  - Bronze
  - Copper
  - Steel

| Aluminum | Brass | Bronze | Copper | Steel |

All items in this series are custom. Upon request, additional information can be sent for color/size/finish selection purposes prior to quote. Please contact us for more information regarding a custom quote.

cast metal series

Cast metal is one of the longest lasting and durable sign solutions on the market. Available in aluminum or bronze, these letters and logos can be easily customized to meet your needs with the variety of finish options offered. Banks, government buildings and universities have long preferred cast metal letters and logos for their classic look, deep dimension and durability. When a sense of permanence and class is required, cast metal is the perfect option.

Features:

• More than 6 0 standard typestyles to choose from
• Offered in two different metals:
  - Aluminum
  - Bronze
• Variety of finish options including painted, brushed, anodized, oxidized, and patina
• Different face profiles available—flat, round or prismatic
• Suitable for both interior and exterior applications
• Many mounting options available
• Earth–Friendly—no scrap, 100% recyclable; all metals are lead and mercury free
• Lifetime Guarantee

Aluminum   Bronze

All items in this series are custom. Upon request, additional information can be sent for color/size/finish selection purposes prior to quote. Please contact us for more information regarding a custom quote.

letters, logos & plaques collection

metal plaque series

The metal plaques offer a sense of permanency with a classic look and architectural depth. Available in a range of metals, techniques, and finishes these plaques are ideal for almost any application. They work great in professional offices, university and government buildings, and commemorative uses.

Features:
- Types of plaques available:
  - Cast
  - Precision Tooled
  - Etched
  - Recessed
  - Full Color
  - ADA
  - Thin Guage
- 3 standard thicknesses:
  - $\frac{1}{8}''$
  - $\frac{1}{4}''$
  - $\frac{5}{16}''$

(thickness is determined by type/size of plaque)
- Multiple sizes available
- 16 finish options
- Integrate custom logos, emblems and portraits
- Earth-Friendly—lead and mercury-free alloys
- Many border options and background textures available

All items in this series are custom. Upon request, additional information can be sent for color/size/finish selection purposes prior to quote. Please contact us for more information regarding a custom quote.

letters, logos & plaques collection

laser cut acrylic series

The laser cut acrylic is customizable for almost any application. This process offers the ability to replicate any font or shape not attainable with routers. The acrylic is cut with exacting precision, and edges polished to create a finished product that is sharp, beautiful and works well for any signage project.

Features:

• Sizes range from 1" – 72"
• 32 standard pigmented colors
• Superior laser cut polished edges
• Lightweight and easy to install
• Lifetime Guarantee
• 7 standard thicknesses:

  - $\frac{1}{8}$"
  - $\frac{3}{16}$"
  - $\frac{1}{4}$"
  - $\frac{3}{8}$"
  - $\frac{1}{2}$"
  - $\frac{3}{4}$"
  - 1"

All items in this series are custom. Upon request, additional information can be sent for color/size/finish selection purposes prior to quote. Please contact us for more information regarding a custom quote.
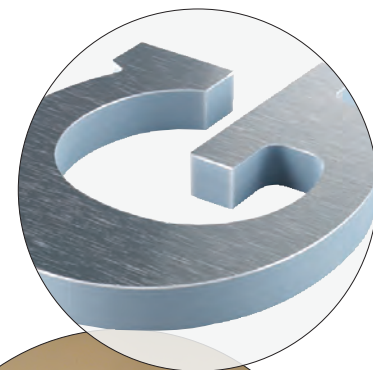

display letter series

The display letters are sleek, eye-grabbing products that are ideal for in-store displays and reception area identification. Designed specifically for interior use, the display letters feature a wide range of options including laminates on lightweight substrates, full color printing and premium hardwoods. While these letters are not recommended for exterior use, they are aesthetically pleasing, extremely durable and offer the design flexibility needed to carry out the vision in any signage project.

Features:

• Sizes range from 1" – 24"
• Metal laminate on acrylic or foam
• Acrylic laminate on foam
• 26 standard pigmented colors (acrylic)
• Precision laser cutting
• Durable interior grade
• Multiple depth options available

All items in this series are custom. Upon request, additional information can be sent for color/size/finish selection purposes prior to quote. Please contact us for more information regarding a custom quote.

NOTE: minimum application temperature above 40° F. *See page 22 for format options available on these sizes only.

GENERAL INFORMATION

ARTWORK

We accept files created in the following native applications:

Acrobat® PDF.............................. Mac & PC *PREFERRED FORMAT*
QuarkXPress®.............................. Mac & PC
Adobe® InDesign®...................... Mac & PC
Adobe® Photoshop®.................. Mac & PC
Adobe® Illustrator®..................... Mac & PC
CorelDRAW®................................ PC only

We **DO NOT** accept files created in the following native applications:

Microsoft® PowerPoint®............. Mac & PC
Microsoft® Excel®........................ Mac & PC
Microsoft® Word®........................ Mac & PC
Microsoft® Publisher®................ PC only

Full color items require CMYK process artwork. Each element of the file must be colored with process CMYK colors. 100% black is highly recommended.

MOUNTINGS

Wall and door sign mounting options include double sided foam tape, magnetic stripping, VELCRO®, and drilled holes (screws not included). If a mounting option in not indicated, double sided foam tape will be sent.

ORDERING INFORMATION

Include quantity, item number, format option - if applicable, personalization and product color. If you need us to set the type, include the typestyle as well. Special instructions are beneficial to indicate how you want the text area set-up such as centered, justified right or justified left.

PROOFS

A digital proof can be emailed or faxed for $15.00 (R)
